**Re: Hydroworks HG Hydrodynamic Separator - Stormwater Treatment Device**

---

Dear Jeff,

In response to your request for approval of the above-noted product, please be advised that your request under Section 402.01.08.02, of the City of Calgary Standard Specifications, Sewer Construction, has been approved. The unit shall be installed per the manufacturer's recommendations and shall conform to the 2011 City of Calgary Stormwater Management and Design Manual, Section 8.4.3, Oil/Grit Separators.

The quality and performance of the above product will be monitored on an on-going basis, and The City of Calgary reserves the right to withdraw this approval at any time, if in our opinion the performance, quality, or local product support of the above item is not satisfactory.

We trust that you will find the above in order. If anything further is required please feel free to contact the undersigned.

Regards,

May Cayanan, M.Eng., P.Eng.
